**ASCO CONSTRUCTII**  
Bucharest, Romania

### *Business issues*

- 11,000 square meter common basement for the 4 buildings
- 715 drawings produced in 4 weeks

*„With I am very enthusiastic about the simple and intuitive modeling of Advance Concrete, especially the way that large projects can be managed. Working as a team by splitting the model saved us time and increased our efficiency. This is a good enough reason for using Advance Concrete for other projects .“*
