

## Design office

Novotny Bauer & Partner  
Vienna, Austria

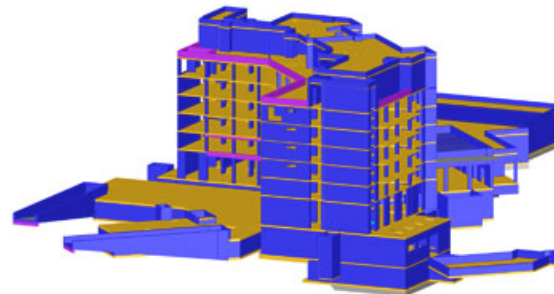

## Business issues

- Creation of a very complex structure
- Translation of documents in AutoCAD
- Extensive changes during both planning and construction phases

*„The huge advantage of Advance Concrete is that for a team which manages modeling reinforcements, the use of the software is natural, therefore the training investment is reduced to a minimal.“*

## Business results

- 3D modeling
- Productivity gain: possibility to work faster and more efficiently

*Mr. Bauer,  
Engineer and Manager of  
Novotny Bauer & Partner*
