

Customer

**Biuro Inżynierskie Michał Nowicki & Biuro Projektów Projbet Piotr Krefta
Poland**

Business issues

- Reinforced concrete construction consisting of 18 different chambers.

" Advance Design makes design process very efficient for concrete planar elements."

Business results

- Advance Design has user friendly interface which is very useful and intuitive in structure modeling – possibility to prepare clear and complete F.E. model for analysis.
- Possibility of preparing static calculation results in very attractive graphical form.
- Easy model transfer and synchronization between Advance Design and Advance Concrete.
