

Customer

Planungsbüro Heuer
Bad Iburg, Germany

Business issues

- Bridge made of conical parts and cables
- Need to have the parts unreeled as a sheet metal construction

"Advance Steel allowed us to process the entire 3D model data, accelerate the creation of all documents and insured an all-around drawing consistency"

Mr Heuer, Construction Engineer

Business results

- Efficient and precise 3D modeling
- Easy-to-learn and easy-to-handle solution
- Special sheet metal functions
