

Customer

Structubat Design Office
Dury, France

Business issues

- 257 accomodation
- 20 buildings (650 piles)

"Advance Concrete allowed us to quickly understand how the building was structured thanks to the 3D visualisation, hence enabling us to significantly reduce the risk of errors"

Mr Bourgeois, Design Office Manager

Business results

- Significant saving of time
- Better 3D visualisation of elements
- Easy-to-use interface
