

## Customer

TPF Engineering design office  
Brussels, Belgium

## Business issues

- The development and arranging of the Longdoz area located in Liège, Belgium.
- The building of a shopping center spreading over 43,000 square meters
- The development of several streets

*"The automatic creation of bar schedule allowed us to save a significant amount of time by avoiding the long checking process"*

Ms. Evelyne Lacroix, Design office Manager

## Business results

- Detailed and precise bar lists
- User-friendly interface
- Adapted to customers' needs
